FLEXIBLE WOOD FLOORING ADHESIVE  
LIKE YOU HAVE NEVER SEEN IT

COST EFFICIENT. FLEXIBLE.  
EASY TO USE.

UZIN UTZ®

# UZIN MK 140

THE FLEXIBLE MULTI-LAYER WOOD FLOORING ADHESIVE

**Those who install multi-layer wood flooring must see the UZIN MK 140.**

UZIN MK 140 is the ideal base for the installation of multi-layer wood flooring. The adhesive is easy to apply, has a particularly good ridge formation and is flexible during installation due to its long open time. This makes the installation of multi-layer wood flooring quick, clean and cost effective.

## UZIN MK 140 – FLEXIBLE ADHESIVE FOR ENGINEERED WOOD FLOORING

**For multi-layer wood flooring indoors**

**Main Application:**

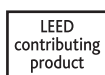

- Cement screeds, calcium sulphate screeds or concrete
- New, firmly screwed P4 to P7 chipboard panels or OSB-2 to OSB-4 boards
