

Cleaner for outdoor wood surfaces

WOOD REFRESHER

Water-based cleaner for refreshing outdoor wood surfaces

PRODUCT DESCRIPTION:

Water-based cleaner to refresh greyed wood floors.

SUITABLE FOR:

- ▶ refreshing and cleaning of wood floors in outdoor areas. Restores the natural color of wood floors.

APPLICATION:

1. Old layers of lacquer or oil must be removed.
2. Before use, the container must be brought to room temperature (20 °C) and must be shaken well.
3. Apply PALLMANN WOOD REFRESHER, depending on the degree of graying, undiluted or diluted to a maximum of 1:3 with water, on the pre-wetted wood with a brush or similar into the grain of the wood. Brush the dissolved graying after 15 minutes with a scrubbing brush and water until the desired color of the wood is achieved. Do not allow the PALLMANN WOOD REFRESHER to dry! For larger areas sectional work is necessary and the process has to be repeated if necessary.
4. Afterwards rinse thoroughly with clear water.

PRODUCT BENEFITS / PROPERTIES:

- ▶ high cleaning power
- ▶ gentle on wood

TECHNICAL DATA:

Packaging:	plastic container
Packsize:	2 l
Shelf life:	at least 12 months
Consumption:	approx. 50 - 100 ml/m ² (depending on the degree of graying)
Working climate:	between 18 – 25 °C and 35 – 65 % relative humidity

IMPORTANT NOTES:

- ▶ In order to maintain and protect the natural color of the wood, PALLMANN OUTDOOR-OIL must be applied after each application of PALLMANN ENTGRAUER and after thorough drying of the surface. If the PALLMANN WOOD REFRESHER is not completely removed from the surface, this may lead to an impairment of the oil film and to a reduction of the protective effect.

PROTECTION OF THE WORKPLACE AND THE ENVIRONMENT:

Not flammable. Causes skin irritation/ serious eye damage. Keep out of reach of children. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of contact with skin, wash immediately with plenty of water and soap. During application, use barrier cream and protective gloves and safetygoggles. Observe safety information on product label as well as safety data sheet.

DISPOSAL:

Do not allow dispersal into drains, sewers or ground. Rinse containers, which have been emptied from any residues, with little water and dispose of the containers in accordance with local guidelines as recyclable packaging. Collect and reuse rinsing water and product remnants. If even necessary, dispose of containers with residues as well as product remnants as special waste.
